“ I met Frank at age 15 when I became friends with Christie. He's been another dad to me ever since. He was always a hard working man and one if the smartest men I knew. He was always excited to show off his garden and the latest project that he was working on. If he went fishing you could expect for him to be gone to late that evening. There was a few times that my son wouldn't have had Christmas or we wouldn't have had food, if it was for him and his wife. I am truly blessed by having him my life. This candle is burning bright for you, but it'll never be as bright as your smile was. I love you dad.

“ I have known Mr Frank for right at 20 years and he was always nice to me Everytime I pulled up he was always outside doin something in the garden or in the yard in the shed or he was building on to their home and he loved to fish he will truly be missed but he is in a much better place now with his wife whom he loved dearly and he will never suffer again. May he rest in peace. This candle is for you Mr Frank. You will be forever in our hearts and thoughts....

“ My daddy, when we used to live in Arizona. Him and mom used to dance in our back yeard and play the radio. He and my mom used to allow the preacher to do baptism in our pool. And our family was is a singing family group in church. He used to dance on skates and teach skating when I was a child. Even was able to do flips on skates which I always enjoyed watching him do that. Miss my daddy more than anyone can possibley know. And when he got sick he still tried to make people laugh. He loved joking around. Shinning this light in the name of love for my daddy.
