“ *I knew him as "Duck". We were at school together at Georgia Southern, fraternity brothers. One party animal! I was getting ready to leave the school for a while, and had two cars, I could not drive both home, so I just gave one to Duck. I had known for a while that he did not have a car, so who better to give the spare car to? Never saw him again, and often wondered if that car was of any use to him. He was a stand up dude, wondered through the years what happened to him. RIP Duck.*

“ I only knew aubrey for a couple of months but that was long enough to see what a good man he was. I met him while staying with my cousin in Palm Bay. He was so proud of his new boat. Was lucky enough to get to attend a few social functions with him and he was always the life of the party. He talked and bragged often of his 2 daughters and was to name his boat after them. My heart goes out to all his family as I know he will be terribly missed.
