“ I think of our precious Dr. Theriot quite often. I chose to start seeing her shortly after I moved to Georgia. We fast became friends & I have always held her high up on a pedestal, as she has been my hero GP, over EVERY OTHER that I've met! I brought several family members to also began seeing her, & all thought highly of her talent, demeanor & true care she held for her patients. I know I can never replace her talents in my lifetime... She is so very missed! God love her & may continue to rest in peace....

“ I was so sad to hear of Dr. Theriot's passing. She was a very kind and generous woman.
Three times a year she volunteered her time and services to provide medicals for hundreds of Coweta County Special Olympians at our health fairs. I know over the last 25 years she completed several thousands of these medicals. There were times students missed the opportunity to participate in the health fairs and she allowed me or the parents to bring them to her office to have the medical completed without charge. She was a truly a gift to Coweta County! Rest in peace Dr. Theriot.

My sister started seeing Dr. Theriot when she was in the nursing home in 2008 and continued seeing her when she went home from the nursing home in 2011.. My sister and our whole family appreciated Dr. Theriot's care and concern and the time she took with her patients. May God bless the family as you know how many people she helped. We were blessed to know her. The Family of Doris M. Maddox

“ God gained one amazing angle! I worked with her for 5 years and those will be the best of my medical career! She was so selfless and loved what she did! Her heart was the biggest and she put other first! I'm going to miss our talks and hey can I pick your brain moments! And I got to stump her on something she didn't know.... how to fix a hammer toe! And getting her to laugh at me and with me on that! I send my love to her and family!!

I just happened to goggle Georgia to see how she was doing and found her obituary. I am shocked and saddened by this news. George was my closest friend throughout grade school, junior high and High school. We lived in the same neighborhood in West Chester Pa so we were always at each others home. She and her Mom Bobbie were very close. after High School she and her mom moved back down South. The last time I saw George was at her wedding, I was one of her bridesmaids but we continued to correspond for many years. Even though we lost touch in the 90's this has hit me very hard. My heart is hurting. I will miss you George. Heaven has gained an awesome person
