“Dear Susan and family: I am shocked and saddened to read of the passing of your mother in law. I think that she helped my deceased ex husband in the ER at Newnan Hospital and although I am not a personal friend of your family, please accept my deepest sympathy. I am praying for the comfort of you and the entire family at this tragic time. It is so difficult to lose a family member during the holidays but then again all of you can take comfort from gathering together at this time. God Bless.

“So sorry to hear about Frances. I talk often about our good times at Coweta General. Nursing was truly her calling as she proved with her years of dedication to the caring of others. Grieve as you must, but do not regret her going on to a better place where she will be pain free and be able to breathe freely the wonderful air that will surround her. All of you are in my thoughts and prayers. Hoping for peace and comfort to you all.
