“It’s been 20 years since we have seen each other but like he told me once “true friendship is going a long time without speaking or seeing each other but when you do it’s like nothing ever changed”. He was and will always be one of my closest friends. We were stationed in Korea and he was my battle buddy and mentor. I’m so sorry to his family that he is gone. He was such a light to many peoples lives and he always new how to make any situation fun. I know you are in heaven waiting for us all and the next time we all meet it will be with a smile. Love you brother!! To his family, know that I am here for you all if you ever need anything!!! Don’t hesitate, my number is 9313387454. God Bless you.

“I am very blessed to have known Frankie for the past 5 years. I met him when I worked at Meriwether County Sheriff's Office and he was the Chief of Police for Warm Springs PD. Then when he resigned and went to work for Greenville PD and Newnan PD we still remained good friends. He was always smiling and could always put a smile on your face. His laugh and smile was contagious. I will miss you my friend. We got your Six. We have it from here brother. Rest In Peace.

“ Great guy, I met him at the Walmart in Newnan a couple of months ago. I was parked in the police parking spot and he pulled up not knowing the I was law enforcement. The minute he pulled up, he said you are parked in my spot while smiling at the same time. He started laughing and saying Nah, don't get scared now lol. I laughed and then introduced myself as a police detective, from there we talked for what seemed like hours about life, being in law enforcement and he being from New York and my wife being from New York. He told me that he has been in law enforcement for years and that he loved being on the force and serving the community. I encounter new people almost every day, but It's not every day that you meet a person like him. This guy had the type of spirit that makes you feel like you've known him forever, he was an all-around good person and you could tell by the first encounter with him. From time to time I would see him at Walmart, and he was always in good spirits and always willing to have good conversation. When I saw his picture on the news, I couldn't believe what I was seeing. Such a good spirit, unbelievable.

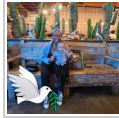

Sending deepest condolences to the family. I am so sorry for your loss.

Today / yesterday since it's after 12 am I dropped off some black and white balloons and some cards for Frankie and his family. I remember meeting Mr. Gutierrez at Walmart when one night I received an upsetting phone call and as it went on I hit a truck in the parking lot. I felt so bad but he helped me mostly by making sure I didn't feel bad and putting a smile on my face and saying I did a good job staying at the scene and doing what was right and it happens to everyone and it was okay. He always smiled and said hello. I looked forward to his smile and presence that could cheer anyone after a long day when I went to Walmart looking for my brother Sheriff office captain doing security at Walmart late nights but sometimes he wasn't there but Frankie was. My💖 is with his beloved family.

“ *I never had the privilege of meeting your loved one but heard about him on the local news and in the Newnan Times Herald. As a former substitute teacher for decades in Coweta County I know that school resource officers are a vital member of the various schools they protect. From what I have read about your loved one I know the students at his assigned location will be missing out on knowing a wonderful man.*

I will be praying constantly for your entire family and I am so sorry for your loss.

“ Frankie

The first time I saw you, I felt such love inside, for a pretty little baby boy who hardly ever cried.

Soon you were growing up, and I was so proud of you. You always did your best in school, and in everything you do. Teenage days they come and go. You survived well. You had your dreams and set your goals I knew you wouldn't fail. A nephew is a gift from God in a world that changes fast. You have a specialness inside of you that I know would always last. Frankie you always meant the world to me. My sweet sweet precious loving nephew. You will always be in my heart. Love you more than you can ever know. Love aunt Tati
