“*Flowers Family, I was deeply saddened to read about Bill passing on. I have always enjoyed talking with him about some of the most interesting stories that seem to go hand in hand with our beloved profession. Bill was always willing to help out however he could and has always been available to me since I met him in the mid 1990's. I will miss his serious, yet witty personality. He was one of a kind for sure.*

“*Family, I meet Bill about three years ago at the Red Neck where we were having breakfast. I last saw Bill at Christie's the day before he passed. He told me had not been well. I went the next day expecting to see him. I so wish I had known of his passing as I was in Newnan. I will miss having breakfast with him on my visits to Newnan. May God bless you all. “ *Mrs. Flowers My sincere condolences on the passing of 'Mr.Bill'. As a fellow surveyor, I had known Mr. Flowers since about 1996 and would run into him in public and talk surveying or exchange survey information by phone for jobs on which we were working. Our conversations somehow never failed to be interesting! May God bless you in these times, and may you rest in knowing that the Lord is wise in all that He does precisely when and how He does it. “ *Bill will always be remembered by all that have met him. I not only have met him, but had the privileged to have know him well for many years. I still tell stories of my very first day ever on a new survey job in 1973. Bill was highly respected, has been a asset to the community and will be missed. I will always remember that Bill's surveyor registration number is the same as the year he first became registered (1975). Beth, sorry for your loss! Mike Windom*
